1 Use of SDF logo

1.1 SDF logo

Primary version

The logo is one of the most important elements of the SDF corporate identity.

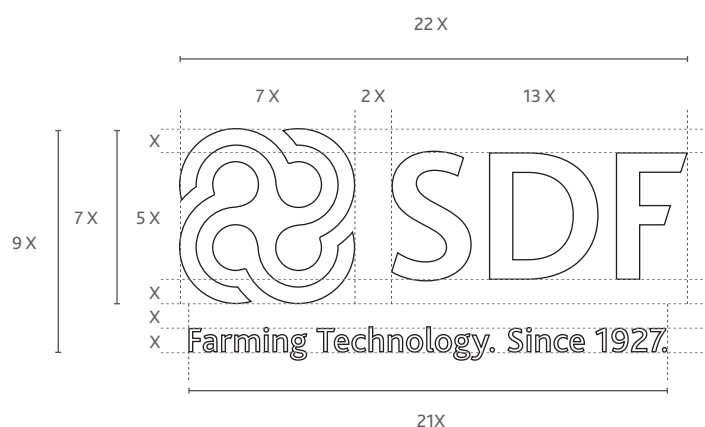

The SDF logo is composed of three main elements: the symbol, the "SDF" logotype and the payoff.

1.2 SDF logo construction

Construction

On this page is shown the construction of the SDF logo.

1.3 Exclusion zone and minimum usage size

Exclusion zone

In order to preserve legibility and guarantee maximum visibility, the SDF logo is protected by an exclusion zone within which no other design element or text should appear. The zone, (X), is defined by the wide of the lettering "S" as shown.

Minimum size of use

The SDF logo may be reduced or enlarged keeping unchanged the proportions between all elements are respected.

The logo must never be reproduced less than 3 cm.

Different sizes must be expressly approved by HQ.

Minimum size of use

1.4 Colours

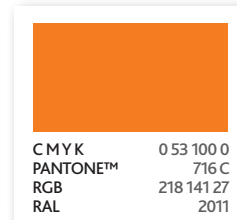

Colour version

and monochromatic version

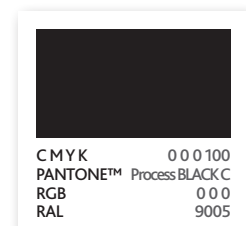

The primary version of SDF logo should be used on a light background whenever possible.

It is possible to use the logo in white on orange (Pantone 716 C) or black backgrounds as shown on this page.

Monochromatic version

Monochromatic version on orange background

Monochromatic version on black background

1.5 Incorrect uses

Incorrect uses

The SDF logo must always be used consistently and in compliance with these guidelines.

It must never be rotated, distorted, recoloured, cropped or altered in any way.

Some examples of the incorrect uses of the SDF logo are illustrated on this page.

Incorrect distance between elements

Different proportion between elements

Incorrect use of colour

Cropped payoff

2 Use of SDF secondary version logo

2.1 SDF secondary version logo

Secondary version

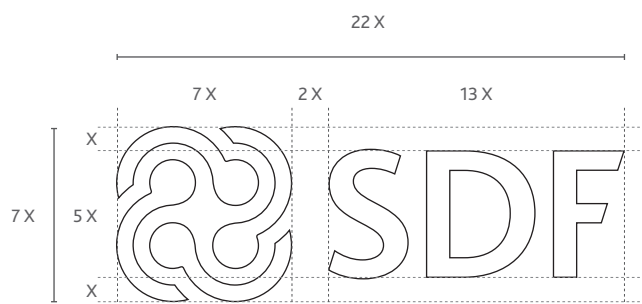

The SDF secondary version logo is composed of two main elements: the symbol and the "SDF" logotype.

2.2 SDF secondary version logo construction

Construction

On this page is shown the construction of the SDF secondary version logo.

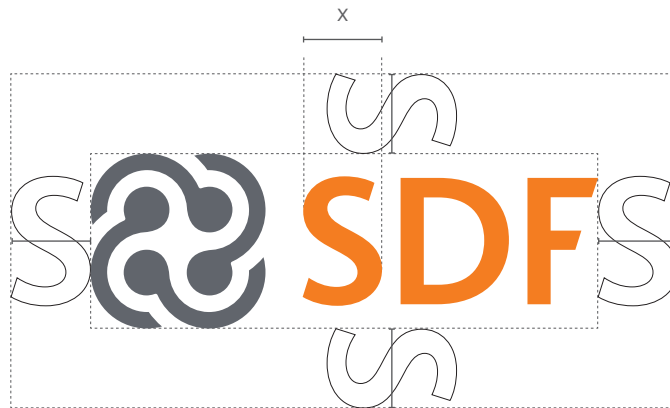

2.3 Exclusion zone and minimum usage size

Exclusion zone

In order to preserve legibility and guarantee maximum visibility, the SDF secondary version logo is protected by an exclusion zone within which no other design element or text should appear.

The zone, (X), is defined by the wide of the lettering "S" as shown.

Minimum size of use

The SDF secondary version logo may be reduced or enlarged keeping unchanged the proportions between all elements are respected.

The logo must never be reproduced less than 1 cm.

Minimum size of use

2.4 Colours

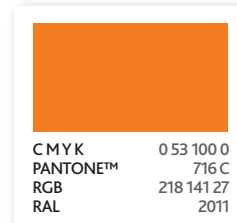

Colour version

and monochromatic version

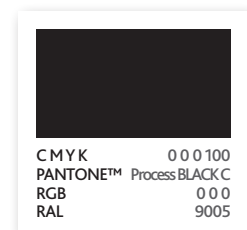

The SDF secondary version logo should be used on a light background whenever possible.

It is possible to use the logo in white on orange (Pantone 716 C) or black backgrounds as shown on this page.
